 Comments: Willo Pond Knight Hawk has the excellent conformation that breeders are searching for. He has a wonderful temperament and people pleasing personality. With his long mane and forelock falling over a gorgeous head with large eye, he has an exciting presence. When he moves he demands your attention. Knight Hawk displays good ground manners and has begun saddle training. In his young show career he is following in the footsteps of his Grand Champion Stallion Sire -- he was award Reserve Grand Champion Stallion. We plan and expect an exciting future for this outstanding stallion.
